Jessa was a real addition to the day in helping spruce up our wedding party in a fun and delightful way. In addition to helping my husband and I get ready, Jessa did the most natural and glowy makeup for my sisters and my mom. She was a pleasure to have with us and made the day so much more fun and relaxed.

I thank Jessa so much, not only for her talent, but for her unbelievably calm presence on the day of the wedding. It was so lovely to have her there with me and all my friends. She did an amazing job.

She has a holistic approach to makeup and takes the total you into consideration. We talked about what my daily makeup routine consisted of, the look I was going for, and most importantly, the looks I wasn't going for. She came up with a look that was classic and contemporary, and very much in line with the tone of the wedding overall.

Jessa did my make up, my mother's, my MIL and SIL and we were all thrilled with how it came out. It looked natural (something that's surprisingly hard to find) and she was a pleasure to spend the day with.

COVID-19.

Here are the protocols and procedures that my team and myself are working with during this pandemic. We will stay current with safety procedures and this is a working outline that will most likely be updated, as we learn more about Covid-19 and the variants.

The health and safety of my clients is a top priority and I want to make our time together as comfortable and enjoyable and safe as possible. That being said, please don't hesitate to reach out to me with any questions.

- Jessa and the team are vaccinated and will wear a mask, wash their hands on arrival and be equipped with sanitizing tools and a clean makeup kit.
- When doing makeup, Jessa asks that the provided prep area for makeup must be up to current sanitation and social distancing standards. If the provided area is deemed unacceptable, Jessa will require an alternate space (by window or outside is always preferred when possible).
- For ease and safety for all involved, if there is room, we ask that hair and makeup be set up in different areas, and always by an open window or door if possible.

Client and makeup artist agree to the following:

- I am not experiencing any symptoms of illness such as cough, shortness of breath or difficulty breathing, fever, chills, repeated shaking with chills, muscle pain, headache, sore throat, or new loss of taste or smell.
- I do not believe I have been exposed to someone with a suspected and/or confirmed case of the Coronavirus/COVID-19.
- I have not been diagnosed with Coronavirus/Covid-19 and not yet cleared as non contagious by state or local public health authorities.
- I am following all CDC recommended guidelines as much as possible and limiting my exposure to the Coronavirus/COVID-19.
